

MFH-102

The revolutionary design with up and down array to effectively solve the problem of water splash

Configuration

MARVEL

| | | | |
|---------------|---------------------|---------------------|---------------|
| Voltage | AC220V-240V | Air speed | 90m/s |
| Frequency | 50/60Hz | Drying time | 10-15s |
| Input power | 1200W-1400W | Air temperature | 25-40°C |
| Motor power | 550W | Overtime protection | 45s |
| Motor type | Brush motor | Sensing distance | 8-12cm |
| Heater type | Heating wire | Noise level | 75dB@1m |
| Standby power | ≤2.2W | Net weight | 5.7kg |
| Material | SS304/ABS | Tap size | 40x183x325mm |
| Waterproof | IP24 | Body size | 315x216x191mm |
| Sensing type | Touch-free Infrared | Packing size | 530x255x325mm |
